# IOF Internal Documents Revision

Dear orienteering friends,

On behalf of the IOF Ethics Commission, I am addressing this request to you for consultation regarding an intended revision of the IOF internal documents. One of the IOF Ethics Commission's task is to regularly review the IOF internal documents and propose possible amendments from the point of view of ethical and other principles contained in the IOF Code of Ethics. Before launching the review process, the IOF Ethics Commission would like to hear your opinion on documents that need to be reviewed and matters that need to be considered. We are curious about hearing your opinion since we believe that the revision of the IOF internal documents should be based on as many different opinions from all parts of the orienteering world as possible. Therefore, we would like to kindly ask you to provide us with your thoughts, modification proposals or any other ideas concerning, not exclusively, the following documents:

- IOF Statutes;
- IOF Code of Ethics;
- Conflict of Interests Policy and Declaration of Interests;
- IOF Rules on Advertising;
- Working within the IOF for Council and Commission Members, IOF staff and volunteers;
- How the IOF works for Members.

Please address your comments to [jan.exner90@gmail.com](mailto:jan.exner90@gmail.com) before 30 September 2017.

The Strategic Directions and the Activity Plans belong to the most important IOF internal documents. However, the IOF Council is now working on reviewing and updating these for the 2018 IOF General Assembly to be held in Prague, Czech Republic. Therefore, these two documents are not object to the revision by the IOF Ethics Commission at the moment.

Thank you very much in advance for your kind cooperation.
